6) Owl left wing	A				

Notes:

- Seam Allowance for tea tray cloth 1 cm (3/8 inches)
- For the applique design: The idea is to cover the raw edge completely and to outline each piece. So it is recommended to use a satin stitch (if you have a satin machine foot) or as an alternative, use a short, narrow zigzag stitch, but this is a golden opportunity for you to try some of your machine's decorative stitches, so play around and choose one that is best suited.
